## Introducing a new guide to immunization in Kitsap County

Kitsap Public Health District has launched a campaign to build awareness and trust around routine immunizations. Vaccination is a safe and effective way to protect you, your family, and our community.

Visit **HealthyKitsap.org** to find:

- Information about the **benefits of vaccines**
- Ways to **check your immunization records**
- Details on **where to find routine vaccines**
- **Assistance** finding appointments or paying for vaccines
- **Perspectives from trusted** local health professionals and community leaders

"I stay caught up on immunizations to **PROTECT MYSELF, MY FAMILY,** *and most importantly, my* **PATIENTS."**
